

A 2GEN GUARANTEED INCOME PILOT PROGRAM FOR D.C. FAMILIES

The **Social Justice School (SJS)**, in partnership with the **Mother's Outreach Network (MON)**, is launching the first ever intergenerational guaranteed income project for students and families in Washington, D.C.! We are so proud to be a part of this historic and innovative project.

WHAT IS "GUARANTEED INCOME?"

"Basic income" is a regular cash payment to all members of a community, without a work requirement or other conditions.

- *The Stanford Basic Income Lab*

"Guaranteed income" refers to a regular cash payment accessible to certain members of a community, with no strings attached (ie, unconditional). Guaranteed income redistributes wealth to people who need it most and who've historically been impacted by lack of opportunities—largely people of color.

- *The Arlington Community Foundation*

WHAT ARE THE DETAILS OF THE PILOT?

Guaranteed, Together will include both **direct cash benefits and legal education services**. During the pilot, direct cash payments will be distributed to the households. **Participating families will receive \$800 a month, distributed weekly, for three months.** MON will sustain and assess the efficacy of the program (with the goal of presenting findings to encourage more guaranteed income policies).

WHO QUALIFIES?

Families who are enrolled at SJS and meet specific socioeconomic eligibility criteria (details below) will qualify for consideration. SJS and MON will identify and enroll approximately **15 households** who:

- have transition-aged youth and families involved with and/or at-risk of involvement with CFSA
- reside in communities east of the Anacostia River (i.e., Wards 5, 6, 7, 8)—communities that have historically been impacted by adverse social determinants of health (i.e., housing insecurity, food insecurity, etc.)

WHEN WILL IT BEGIN?

We will begin this historic program in Summer 2024. The pilot will run for three months.

HOW DO I SIGN-UP?
